Although dental personnel primarily treat the area in and around your mouth, your mouth is a part of your entire body. Health problems that you may have, or medication that you may be taking, could have an important interrelationship with the dentistry you will receive. Broken Appointment Policy

We are one of the few dental clinics in Okaloosa County that sees kids with Medicaid. More children need dental care than we have space to see. When children are late or don’t come to their appointment the time is lost. Another child could have used that time to get the dental care they needed. Our clinic has a Broken Appointment Policy to make sure our clients can get the dental appointments that they need.

**Broken Appointment Policy**

- Missed appointments are broken appointments. To cancel an appointment, call the clinic at (850) 689-5593. You can leave a message.

- Call the clinic at least 24 hours before the appointment time if you need to cancel your appointment. If your appointment is on Tuesday at 10 am, you must call us the day before (Monday) by 10 am. This lets us schedule other children who need dental care.

- Arrive on time for the dental appointment. If you are late we may need reschedule your appointment. A late reschedule is a broken appointment.

- If you have two (2) broken appointments your child cannot be scheduled for six (6) months. After six months, you can call to make an appointment.

- If your client has two (2) more broken appointments, they will be dismissed from the dental program. You will need to find another dental clinic. We will send the dental records to your child’s new dentist when we receive a written request.

- You will receive a phone and/ or text reminder for your child’s appointment. If your phone number changes at any time please let us know.

We want your child to have the best dental care. We work hard to make dental care available to every child. Please call us if your new phone number changes at any time.

I have read and understand this policy. I had a chance to ask questions and my questions about this policy have been answered. I understand that breaking my dental appointments results in losing the ability to schedule appointments or being dismissed from the dental program.

Informed Consent for Dental Treatment

The Dentist explained, and I understood the:
- Condition of my child’s teeth,
- Preferred treatment,
- Risks of treatment including those specific to my child,
- Expected treatment results,
- Likely treatment results,
- Other treatment options and risks, and
- Risks of NO treatment.

I understand:
- Dentistry is not an exact science.
- The Dentist cannot promise results.
- There may be other conditions found while the Dentist is working on my child’s teeth. The Dentist may need or find it best to change treatment or add a procedure.
- Some conditions make other unexpected treatment needed. This would be determined on a case by case basis. The most common is the need for a root canal during or after a routine filling. Those treatments should occur when noticed rather than waiting to get a new consent.

I had a chance to talk with the Dentist and ask questions about my child’s teeth. I have been told about the treatment needed, risks, benefits and other options.

I give permission to the Dentist to make changes or additions, in their professional opinion, as needed or preferred to meet my child’s dental needs.

I consent to the dental treatment listed on the attached treatment plan as proposed.
