

2019 HIV CARE NEEDS SURVEY

NOW OPEN

As a person living with HIV (PLWH) you have the power and responsibility to shape your care. Results from previous surveys guided patient care lead agencies and planning councils in prioritizing community unmet needs and determining where to distribute financial resources.

The survey is available online or by paper and will take approximately 20 minutes to complete. The survey will remain open through August 21, 2019.

All responses are confidential.
