□ 3. If the county health department will not be performing the site evaluation, the applicant or authorized agent shall be

drainage structures such as roof drains or curtain drains, and any obstructions such as patios, decks, swimming pools or
parking areas.
FOR ALL SITE PLANS (IF APPLICABLE)
☐ A Coastal Construction Control Line Permit or an exemption notice from the Department of Environmental Protection if
any component of the onsite sewage treatment and disposal system or the shoulders or slopes of the system mound will

proposed onsite system relative to the control line not be able to be definitively determined based on the site plan and the
online products available on the DEP website, the applicant shall provide a survey prepared by a certified professional
surveyor and mapper showing the location of the control line on the subject property.
□ All plans and forms submitted by a licensed engineer shall be dated, signed and sealed.
