**Ft. Walton Beach, Fla**– The Florida Department of Health in Okaloosa County (DOH-Okaloosa) conducts weekly saltwater beach water quality monitoring at 13 sites through the Healthy Beaches Monitoring Program. The water samples are analyzed for enteric bacteria (enterococci) that normally inhabit the intestinal tract of humans and animals and which may cause human disease, infections, or rashes. The presence of enteric bacteria is an indication of fecal pollution, which may come from stormwater runoff, pets and wildlife, and human sewage.

Site	Name	City	Enterococci	Water Quality
SP-1	Liza Jackson Park	Ft. Walton Beach	Pass	Moderate
SP-2	Garniers Park	Ft. Walton Beach	Pass	Good
SP-3	Marler Park	Okaloosa Island	Pass	Good
SP-4	Wayside Park	Okaloosa Island	Pass	Moderate
SP-5	Poquito Park	Shalimar	Pass	Good
SP-6	Gulf Islands National Seashore	Okaloosa Island	Pass	Good
SP-7	East Pass	Okaloosa Island	Fail	Poor
SP-8	Lincoln Park	Valparaiso	Pass	Moderate
SP-9	Henderson Beach	Destin	Pass	Good
SP-10	Fred Gannon Rocky Bayou State Park	Niceville	Fail	Poor
SP-11	James Lee Park	Destin	Fail	Poor
SP-13	Emerald Promenade	Okaloosa Island	Pass	Moderate
SP-14	Clement E Taylor Park	Destin	Pass	Good

The following water quality classifications are used by the Florida Department of Health and are based upon the United States Environmental Protection Agency's (EPA's) recommended standard for enterococci. The classification standard is as follows:

GOOD: 0-35 colony forming units (CFU) per 100 milliliters (ml) of marine water

MODERATE: 36-70 CFU per 100 ml of marine water

POOR: greater than 70 CFU per 100 ml of marine water

Advisories have been issued for **East Pass** of Okaloosa Island; **Rocky Bayou State Park** of Niceville; and **James Lee Park** of Destin based on the enterococci standards recommended by the EPA. This should be considered a potential health risk to the bathing public.

If you have questions, contact the DOH-Okaloosa County at (850) 833-9247 or (850) 689-7859. You can also visit [www.HealthyOkaloosa.com](http://www.HealthyOkaloosa.com) and click the "[Healthy Beaches](#)" link to be taken to a list of Okaloosa County's Healthy Beaches sites and maps.

#### **About the Florida Department of Health**

The department, nationally accredited by the Public Health Accreditation Board, works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
