FORT WALTON BEACH, Fla.— The State has launched a statewide pre-registration for COVID-19 vaccines available at <https://myvaccine.fl.gov/>. Those currently eligible for the vaccine may also call 866-200-3599 or TTY 833-990-3450. The Florida Department of Health is working with the Florida Department of Emergency Management to facilitate a mechanism to confidentially share the names and information of those who have pre-registered with the county health departments. Once that mechanism is established, DOH-Okaloosa will use this list to fill first dose appointments before opening up any remaining slots to eligible individuals for either Eventbrite online or call-in registration. It may take a couple of weeks to work out this process.

We will let our community know when we are ready to implement this option. However, individuals may choose to use this website to get on a waiting list for DOH-Okaloosa vaccination appointments. Calling the above phone numbers or signing up through the website does not put you on a waiting list for COVID-19 vaccinations delivered by Publix.
