

Healthy Okaloosa Schools Partnership Application

We know that many people and places influence children's lives. Healthy Okaloosa 5210 uses a multi-sector approach to reinforce the importance of healthy eating and active living for children and families. When families and children are exposed to the same health promotion message in multiple settings, families and children are more likely to adopt and maintain those health behaviors. Our mission is to improve the health, safety, and well-being of school-age youth in Okaloosa County. Your program participation in Healthy Okaloosa Schools is making Okaloosa County a healthier place to live, learn, work, and play. Thank you for being a part of the change! Please email your completed form to Okaloosa-SchoolHealth@flhealth.gov or fax it to (850) 833-9258. If you have any questions, you may reach us at the e-mail address above or by phone at (850) 344-0660.
